

ARGCO BoreScope

ARTICULATING INSPECTION CAMERA

The ARGCO BoreScope Articulating Inspection Camera
Can be used hand-in-hand with the HydraTap FDC Check Valve Clapper Flush Tool.
While you are inspecting the interior of the check valve, you can use the BoreScope to take up to 20,000 still images as well as up to 9 hours of video.

- LED illuminated/waterproof 5 mm x 31-1/2" length camera cable
- Articulates at +/-170* in two directions
- Access outlets as small as 1/4"
- Up to 9 hours of video or 20,000 still images.
- AA battery

Troubleshooting and minimize both the impact and downtime of the sprinkler system.

Supported by NFPA 25 language regarding the use of video inspection equipment to satisfy 5 year internal requirements.
Comes complete in a Sturdy Carrying Case
