

TUF GLIDE

LEED Information

ARGCO TUF-GLIDE Thread Sealant Paste

ARGCO Tuf-Glide Thread Sealant is manufactured and packaged in the United States.

LEED certified buildings are supposed to use resources more efficiently when compared to conventional buildings simply built to code. LEED certified buildings can provide healthier work and living environments, which can contribute to higher productivity and improved employee health and comfort. The USGBC has compiled a long list of benefits of implementing a LEED strategy, which ranges from improving air and water quality to reducing solid waste, benefiting owners, occupiers, and society as a whole.

This letter will detail the potential contribution of ARGCO TUF-GLIDE Thread Sealant products to the LEED Green Building Rating System in accordance with LEED-requirements for New Construction & Major Renovations.

In reference to LEED® Material and Resources – Credit 4 – Recycled Content, ARGCO TUF-GLIDE Thread Sealant Paste contains a clean reprocessed PTFE that is still capable of meeting NSF requirements but can still be classified as post-consumer recycled content. The other raw materials are all virgin materials.

In reference to LEED® Material and Resources – Credit 5 – Regional Materials, Jet-Lube Inc. can confirm that a minimum of 50% of the raw materials used in manufacturing the ARGCO TUF-GLIDE Thread Sealant Paste is sourced and processed within a 500-miles radius of our manufacturing facility in Houston, Texas. If the project site is located within a 500-miles radius of our manufacturing site then this manufacturing site can contribute to earning Materials and Resource Credit 5.

There is no volatile organic content (VOC) of ARGCO TUF-GLIDE Thread Sealant Paste, therefore meets the minimum LEED® requirements for low-emitting materials. These materials may assist to earn Indoor Environmental Quality (IEQ) – Credit 4.1 – Low-Emitting Materials: Adhesives and Sealants (Architectural Sealants).

Sizes Available:

10010005: 1/2 pint • 1010006: 1 pint 1010007: 1 quart • 1010008: 1 quart brush top
1010009: 1 gallon • 1010010: 5 gallon pail • 1010011: 55 gallon drum
