

## PLASTIC TUBING SHEARS

### REMS ROS Pipe shear for PVC pipe

- Durable steel design
- Easy cutting through special ratchet feed
- Right angle, burr-free cut through two point pipe support and guided blade on both sides
- Specially hardened, replaceable blade
- Ideal for PVC

P42P 1-5/8" (291000RP)  
replacement blade (291021RP)

### ROS Pipe shear for plastic pipe

- Sturdy aluminum design
- Right angle, burr-free cut through two point pipe support and guided blade on both sides
- Specially hardened, replaceable blade
- Not recommended for PVC

P35 1-3/8" (291200)  
replacement blade (291201)

P42 1-5/8" (2910250)  
replacement blade (291251)

Cast aluminum handles and tool steel blades for durability. Features ratcheting action to aid cutting, and rears a quick release blade mechanism to return the blade to the start position. Large cutter features long handles to provide extra leverage when cutting large diameter pipe.

#### Plastic Cutters

- ratcheting cutter 1/4" - 2" (sp102)
- pistol cutter 1/4" - 1-1/2" (sp103)
- straight cutter 1/2" - 1-1/2" (sp104)
- large cutter 1/2" - 2-1/2" (sp105)
